Pond Water Management Interim Measures/Interim Remedial Action Decision Document

T G Hedahl, Director
Waste Management
EG&G Rocky Flats, Inc

Reference Memorandum from Hedahl to Silverman, (TGH-318-94), dtd 7/27/94, subject Pond Water Management Interim Measures/Interim Remedial Action Decision Document

This memo is in response to the referenced memo. Since the administrative issues regarding the Interim Measures/Interim Remedial Action (IM/IRA) could not be resolved with the regulatory agencies by mid-June as expected, the September 2, 1994 date cannot be achieved. Thus, the new delivery date of the decision document to DOE will be on September 30, 1994. Also, weekly meetings with EG&G will be conducted for a concurrent review while the document is being developed. This process will allow the original delivery date, October 14, 1994, to the agencies to be achieved.

A response to the unresolved issues listed by EG&G in the above memo will be forwarded shortly. If you have any questions, please call Gail Hill at extension 3424 or Annette Marquez at extension 6247.
